

COA'S DIAPER DRIVE Toolkit

How to Plan
a Successful Diaper Drive

Christian Outreach in Action

Thank you from COA

We thank you for generously committing your effort and time to coordinate a diaper drive to help our neighbors end diaper need. Low-income parents often must choose between buying diapers (over \$70 per month avg.) or buying food for their child. Most Govt. assistance programs do not provide or pay for diapers.

As well, nearly 51% of seniors aged 65+ living at home reported bladder and/or bowel incontinence, and need adult diapers. Your efforts will help support families & seniors in our communities who are deprived of diapers and basic necessities. You will also bring public awareness to the critical public health diaper need issue, as well as COA's efforts to help families thrive. Your efforts will help lead to change.

We hope you'll thoroughly enjoy coordinating this diaper drive!

Best regards,
